FARM SAFETY

FARM SAFETY IS YOUR BEST INSURANCE POLICY!
An unexpected accident on your farm could destroy everything you've worked so hard to achieve.
READ FARM SAFETY ADVICE BY FOLLOWING THESE BASIC SAFETY TIPS:

- Check for power lines before operating equipment. Always stay at least ten feet away from power lines.
- Before operating equipment, always shut it down, lock off the engine, remove the key and wait for moving parts to stop.
- Keep children in secure storage areas that are safe from equipment and animals, and never let them near equipment.
- Before moving equipment, always lock it for hydraulics or other functions.
- Protect your eyes around food machinery and equipment.
- Inspect farm machinery and contact any hazards before operating it.
- Develop a schedule for conducting routine safety checks around the farm.
- Remember to use and maintain machinery guards and shields.
- Don't knowingly drink when you will be working during the day, and carry a cell phone for emergencies.

The advertisement is a winter-themed graphic. It features a snowman in the center, wearing a black hat and scarf, with stick arms. Behind the snowman is a large, torn piece of paper with the text 'Your online subscription is just one click away!'. To the left of the snowman, there are three small evergreen trees. To the right, there is a small sign that says 'Bottineau Courant'. The background is a dark grey with white snowflakes. At the bottom, there is a line of text providing contact information for the newspaper's e-edition.

Salute to Nurses

SALUTE TO SERVICE
HOMETOWN
Heroes **Great Nurses**

As nurses we are called to be a beacon of light to those that we care for. Nurses not only need strength and endurance but also compassion to help others. It takes a special person to become a nurse. Here at Fairlight Medical Center we have some of the best nurses around. Alyssa, Scott and Lindsey are in the walk in and prove to be ready for anything as every day is different. With the challenges of learning through a pandemic to everyday urgent care needs, they are on top of their game. I appreciate the time they put in to become nurses as well as the effort they put into their profession. I am beyond grateful to have them as professional staff here at the clinic. Thank you.

Alyssa
Has been a nurse for 4 years
From Burlington Colorado
She became a nurse because she loves helping others and getting to meet new people every day.

Lindsey
Has been a nurse for 7 years
From Hazen ND
I love helping others, skill advancements and all the opportunities nursing has to offer. Favorite is to draw blood.

Scott
Has been a nurse since 2020
From Williston ND
He became a nurse because he wanted a career in healthcare helping patients. Nursing provides the opportunity to help patients in many different ways. There is also many opportunities in nursing as well as the ability to continue nursing education and work in as many different fields of nursing.

Jacque
LMA/CCMA
Jacque assists the nurses and providers here at the clinic. She is wonderful with the patients and also patient herself.

Harmonie
She is in nursing school and will graduate as an RN
From Sidney ME
Harmonie has been called to be a nurse. She works well in chaos and that is why she is drawn to the trauma of the ER. She is compassionate and helpful.
